# MESSAGE FROM OUR LEADER

Our primary focus for the coming years would be "Improving Lives & Impacting Livelihood" of all our beneficiaries.

**Tanay Ghoshal  
(Founder & Director)**

While I am grateful for much in 2020, I can not discuss this past year without first acknowledging both the pain and tragedy that the COVID-19 pandemic has inflicted on so many of our beneficiaries, colleagues, vendors, partners and supporters. For the last 2 years, we have stood as a beacon of inclusion, opportunity, and respect for all.

The last year 2020 tested everyone. Families struggled with the COVID-19 pandemic and personal loss. People and businesses grappled with a steep decline in global economic activity as lockdowns depressed businesses and employment. All these events have increased uncertainty about the future, and they raise important questions about the livelihood of many people.

In this scenario we came together with more dedication and devotion to focus on

the environment and on societal issues. We have started to respond to the crisis, by engaging with all the stakeholders.

My goal for this annual letter is to be clear and straightforward. We took an oath to continue "Improving Lives & Impacting Livelihood" of thousands of our beneficiaries for the coming years with a stronger strategy and innovation.

We are very grateful for the support that we get from the individuals, foundations & corporates that make our work possible.

We urge all to support our initiatives and to join our endeavour for impacting more lives of the people who really need our support.
